ASIAN DEVELOPMENT TOUR'S MISSION

The Asian Development Tour aims to create a career pathway for professional golfers in Asia through the establishment of a secondary circuit which will ultimately create new golfing stars. Sanctioned by the Asian Tour, the Asian Development Tour will strive to create playing opportunities for its members while maintaining a commitment to the high values associated with the game of golf.

MESSAGE BY CHO MINN THANT, COMMISSIONER & CEO

Off the back of a memorable comeback year in 2022 for the Asian Development Tour, we can now enjoy the 2023 season with great expectations and a sense of wellbeing.

In 2022 we were able to stage 20 events on the Asian Tour for just over US\$25 million and offer 17 tournaments on the Asian Development Tour, boasting overall prizemoney of US\$1.762 million – a truly remarkable feat, all things considered during an unprecedented period of time.

And importantly the Asian Development Tour saw the top-10 from the Final Order of Merit secure their Asian Tour cards for 2023.

We are well and truly back up to full speed and absolutely thrilled with how our schedules look for both Tours this year.

This year will unquestionably be a very strong season for the Asian Development Tour, and we thank you the membership for your tremendous support and commitment for helping us to be able to reach this point.

On the main Tour we saw a 20% increase in average prize purse and an incredible 40% increase in aggregate earnings for the top-100 players on our Order of Merit compared to our last full season in 2019.

The new partnership that we have forged with LIV Golf, which has enabled us to launch the ground-breaking International Series, and with Golf Saudi, the organisation behind our season-opening extravaganza the Saudi International powered by SoftBank Investment Advisers, have given us the opportunity to grow to these new heights, but we are equally appreciative to all our partners, associations and promoters for contributing to our revival.

I think it is fair to say that professional golf in Asia has never been in a better place, and it will get even better.

We are becoming an international Tour of top destinations and will continue to travel more and visit new places while retaining a solid base of principle events in our region.

I am sure you will enjoy and embrace this extraordinary moment in history, while as always remembering to refer to the Members' Handbook and General Regulations to help navigate your way through the season.

Cho Minn Thant

Commissioner & CEO

1.6 Pre-Tournament Pro-Am, Official Functions

A commitment to enter a tournament is also a commitment to play in a related Pro-Am at the tournament course or participate in a tournament sponsor function.

A Member will be allowed to be released for 2 Pro-Ams and two (2) official tournament sponsor functions per year without having to provide reasons for such release. His request for release must be submitted in writing to the Commissioner & CEO or the Director of Rules & Competitions before the respective tournament's withdrawal deadline (one week prior). The Tour reserves the rights to deny release for the player if the individual is requested by the sponsor.

The tournament Pro-Am will normally be held on the day preceding the first day of the tournament start or such times as advised in the fact sheet.

Members are reminded that the Pro-Am is for the benefit of sponsors and amateur golfers.

It is not an official practice day and players whilst playing in the Pro-Am should not measure the yardage on any tournament hole and interact with the Pro-Am partners as much as possible?].

The failure of a Member to participate in a Pro-Am or tournament sponsor function after a commitment by such Member to do so will cause him to become ineligible for the tournament, unless the Member is excused from the Pro-Am or other functions by the Commissioner & CEO, his designee, the Director of Rules & Competitions or the on-site Tournament Director after registering on-site and presenting evidence of an injury or other disability which requires medical attention, or otherwise excused under his allowed number of releases. Further, at the discretion of the Commissioner & CEO, his designee, the Director of Rules & Competitions or a Tournament Director, a player may be excused from the Pro-Am or tournament sponsor function due to a serious personal emergency, such as the funeral or serious illness of a family member or close personal friend, or other extenuating circumstances. Other than for the reasons mentioned above, any failure to participate in the Pro-Am or tournament sponsor function after a commitment to do so may result in disciplinary action at the discretion of the Tournament Director.

In determining whether a Member is excused due to extenuating circumstances, the Commissioner & CEO, his designee, Director of Rules & Competitions or Tournament Director will consider all factors, including the Member's level of effort to satisfy his Pro-Am obligation. In the case of a Member being excused due to serious personal emergency or other extenuating circumstance, such Member may be excused without having registered on-site. Further, upon being excused from the Pro-Am or Tournament sponsor function, the Member is not permitted to practice at the Tournament site the day of the Pro-Am. A player who is excused from the Pro-Am or Tournament sponsor function for any reason will be required to perform a substitute Tournament function and may be subject to disciplinary action for unbecoming conduct depending on the circumstances of his excused absence. A Member who is late for his Pro-Am starting time may be required to join and complete play with his group if practical and perform an additional Tournament sponsor function.

In addition, the Member may be subject to disciplinary action for conduct unbecoming of a professional golfer, which could include a fine or suspension from Tournament play. Repeated refusal by a Member to participate in Pro-Ams or Tournament sponsor functions will be considered conduct unbecoming of a professional golfer and subject to disciplinary action by the Asian Tour.

If requested by tournament sponsor/ promoter, the Asian Development Tour may require compulsory attendance of those participating in an event at the relevant specified activity/ function of that event (e.g. Pro-Am lunch, tournament's welcome reception, etc.). Asian Development Tour has the right to impose a fine of up to US\$250 for non-attendance without excuse for the reasons mentioned above.

1.7 Registration

All competitors are required to register for each Asian Development Tour Tournament by Monday/ Tuesday 1200hr local time of the tournament week, unless otherwise specified. A competitor may only register in person and must complete the appropriate form located in the tournament office for each respective event or in extreme circumstances by contacting the Tournament Director or Tournament Administration Manager.

The tournament office will normally be open for registration from 9am-6pm local time on the Monday preceding the first tournament round.

Failure to register by the appropriate time will result in a player's name being withdrawn from the tournament entry list.

1.8 Play, Foreshortened or Cancelled - Guidelines

a) General

If, in the judgment of the Tournament Director, adverse weather conditions or any other occurrence beyond the control of the Asian Development Tour renders the commencement or continuation of the tournament impracticable, play shall be postponed until such time as the Tournament Director considers that play can be continued.

The Tournament Director has absolute discretion to implement whatever procedures may be necessary in order to ensure the continuation and completion of the tournament. Where possible, the following guidelines will be considered:

Rounds 1, 2 and 3

A Round may be cancelled if more than 50% of the field fails to complete the round. However, as a general principle, once a stroke has been played it shall count.

Final Round

If the Round cannot be finished, then a result will be declared over that number of rounds completed by all players.

In exceptional circumstances the Final Round may be scheduled on a fifth day if practicable.

Bearing in mind that the prime objective on all occasions is to complete the stipulated 72 holes within the four days, the 36-hole cut may be reduced to the first 50 players and ties, with the final 36 holes being played on the last day.

b) Suspension of Play

- i. If during a tournament it becomes necessary to suspend play, three consecutive notes of the klaxon/ siren will be sounded or notification will otherwise be communicated to the players. On being advised of suspension, competitors may either cease play immediately OR complete the hole they are playing. Competitors must not play any shot from the teeing area unless any player in his group has commenced play on the hole.
- ii. If during play it becomes necessary to suspend play for a dangerous situation (e.g. including but not limited to lightning, players must discontinue play immediately. A suspension for a dangerous situation will be signalled by a prolonged note of the klaxon/ siren.

c) Resumption of Play

As soon as conditions allow play to be resumed, two short notes of the klaxon/ siren repeated will be sounded or notification will otherwise be communicated to the players. On being advised of the resumption, play will recommence immediately by all competitors on the course.

d) Prize Money

In the event of the curtailment or cancellation of an event within 48 hours before the tournament start, prize money shall be distributed as agreed between the Sponsor(s) and the Asian Tour.

In the event of a tournament being cancelled before two (2) rounds have been completed, prize money shall be distributed as agreed between the Sponsor(s) and the Asian Tour.

In exceptional instances the announced tournament prize money level may be reduced by a maximum of 25%.

e) Status of Cancelled Tournament

When a tournament is cancelled for any reason, after the first round has commenced, it will be regarded as a tournament, which, for all Members who have registered for the tournament, counts towards the minimum number of tournaments each Member is required to participate in to ensure inclusion in the Order of Merit at season-end.

1.9 Practice Regulations

- a) Practice shall be permitted in designated practice areas only and at designated times or at the discretion of the Tournament Director on-site.

Note: The 10th tee will be closed at 9:00am for players wishing to start their practice round. The 10th tee will reopen at 2:00pm. However, precedence must be given to players crossing over from the 9th hole.

Note: This could differ from one country to another depending on the daylight.

- b) During practice rounds, only one ball shall be in play with the following exceptions:
- i. if a player misses the green with his shot to the green, he may play one additional shot.
 - ii. not more than three chip shots may be played from the green surrounding and provided such practice does not damage the course.

In all cases, a competitor must confirm with the Tournament Director or his appointed representative in writing prior to the commencement of the tournament whether any of his advertising logos will need to be displayed in the same tone colour as the clothing upon which the advertising logo is displayed. It is the responsibility of the player to check with the Tournament Director as to whether his clothing or equipment is acceptable. The Tournament Director shall be entitled to make a player remove the offending article or cover up the conflicting advertising if the Tournament Director, acting reasonably, deems that the advertising logo is not the same colour tone as the clothing upon which the advertising is displayed. - i. Shirts: Collarless, sleeveless, shirts of a transparent material/design or shirts worn outside trousers are NOT acceptable. Caps must be worn properly.
- ii. Jeans may be worn at a venue. Shoes must be worn at all times. Players are expected to be smartly dressed whenever attending venues or attending official functions. Smart casual shall include jeans (NOT torn or faded), dress trousers, long-sleeve dress shirts, collared tees and leather / proper shoes as a minimum.

However, for formal occasions, such as the Award Nights or any other function where the Tour deems it to be formal, jeans are NOT permitted.

1.18 Alcohol Consumption

Penalty for breach of this Regulation is US\$150, doubling up for subsequent offences. If it is apparent that any player is intoxicated and on site at the host venue, they will be asked to leave the premises. The player will also be responsible for any guests and personal caddies.

1.19 Caddie Regulations

Caddies are the responsibility of the player employing them. Any breach of the following regulations will be deemed to be a breach by the player. Penalty may be imposed on the player, with a minimum amount of US\$100, which will be doubled for subsequent breaches in a season:

- a) Misbehaviour by caddies of a personal nature which is generally unacceptable by normal social standards.
- b) Caddies are required to wear and display the caddie "bib" or uniform issued to them for the duration of the round.

- h) Caddies are not permitted to mark player's scorecards.
- i) Caddies are permitted to mark player's performance cards.
- j) At the tournament venue, every player is required to use a caddie, and this includes practice and Pro-Am days if so required, unless prior exemption in writing is obtained from the Director of Rules & Competitions. Pull carts may be used by caddies at the discretion of the Tournament Director.
- k) Other than in practice rounds, caddies are not permitted to test the surface of the putting greens on the course.
- l) Caddies wearing golf shoes will not be permitted to walk on any putting surface on the tournament course.

All players are allowed to use their own caddies during an Asian Development Tour Tournament. In general, written notification of use of a player's own caddie is required to be sent to the Tournament Director a minimum of one week prior to the tournament. 1.20 Maintenance of Course

A player shall not litter in the tournament venue. Failure to maintain cleanliness of the golf course and any part of the tournament venue will be imposed with an automatic penalty of US\$300, which will be doubled for subsequent offences.

1.21 Pace of Play

1) TIME ALLOWED

At each tournament, the Tournament Director will publish a Time Allowed chart which will be posted on the official notice board. Copies will be made available to individual players on the reverse side of the Hole Location sheet. This chart will list the maximum time permitted for a group to finish individual holes based on the length and difficulty of the hole and thus the overall time for the round.

The Time Allowed guidelines for individual holes are as follows:

3 ball groupings	Par 3 - 11 minutes	Par 4 - 14 minutes	Par 5 - 17 minutes
2 ball groupings	Par 3 - 9 minutes	Par 4 - 12 minutes	Par 5 - 14 minutes

Additional time will be added to holes which are considered difficult or are likely to cause delays. In addition, anticipated time for walks from greens to tees will also be added into the Time Allowed.

The current time allowed guidelines for a round is as follows:

3 ball groupings: 4:12 – 4:35 hours

2 ball groupings: 3:32 – 3:45 hours

2) OUT OF POSITION

If the first group goes over the Time Allowed, they will be considered as being Out of Position. Any following group will be Out of Position if it is more than the starting interval behind the group in front and has exceeded the Time Allowed for the number of holes completed.

3) MONITORING AND TIMING

Informing Players

- When a group is Out of Position, a Referee should **warn** the group and advise all players to gain time playing that hole. Failure to do so may result in the group being put under Monitoring or Timing from the next hole onwards.
- If the gap between a group and the group ahead is significantly big, the Referee may decide to start Monitoring or start Timing straight away **without** prior informing that the group is Out of Position.
- In all cases, the Referee will inform all the players in the group before he starts Monitoring or Timing; but **not necessarily when he or she stops Monitoring or Timing**.
- If an individual or a group is changed from Monitoring to Timing, they will be so informed by the Referee.
- When a group or individual(s) are subject to Monitoring or Timing, every effort will be made to inform the following group behind but this is not mandatory and each player is obliged to

know the relative position of his own group. **The following group behind so informed which fails to maintain position will almost certainly be subject to Monitoring or Timing.**

When Monitoring Starts

- A group that fails to gain any time or loses further time after the warning, or
- A group that becomes significantly Out of Position for any reason whatsoever.

Note: A group will continue to be Monitored until it has regained its position.

When Timing Starts

- A group that fails to gain any time or loses time after one or a few consecutive holes of Monitoring.
- In a round, a group that has regained position after being monitored and again falls Out of Position, will be Timed instead of being again Monitored.
- If it becomes apparent during the Monitoring that one or two players of the group are not making any contribution to improving the group's overall pace of play, then Timing may apply only to them while the other player(s) remain Monitored.
- A player during Monitoring who, during a round records two individual stroke timings that exceed the limit of 40 or 50 seconds but are within the 10% allowance will be advised by the Referee that he will be Timed officially.
- A player during Monitoring who, during a round is in excess of the time allowed to play a stroke that exceeds the limit of the 10% allowance will be assessed a Bad Time and will, thereafter, be Timed Officially.

Note: All Timings will count on a player's record whereas Monitoring will not.

4) INDIVIDUAL TIMINGS

Time Allowed for Each Stroke

- The time allowed for each stroke is 40 seconds. However, the first player to play a stroke on a Par 3 tee, an approach shot or chipping or putting will have an additional 10 seconds (totalling 50 seconds).
- A time within 10% of the Time Allowed would not, of itself, be a Bad Time. **10% allowance** means 41 to 44 seconds for a 40 second-shot or 51 to 55 seconds for a 50 second-shot.

Individual Monitoring or Timing

Taken by the Referee on one, two or three players in a group:

- For tee shots, players will be given *sufficient time* to reach the teeing area, a player to tee his ball and a count of three seconds thereafter.
- Before reaching the green, the time will start when the player has had *sufficient time* to reach his ball, pace and calculate his yardage and a count of three seconds thereafter. Should a player be distracted by other players, caddies or an outside influence during the preparations for his stroke, the stopwatch will be stopped and will not restart until the player has again reached the point in his preparations when he was previously distracted. Weather conditions such as wind or rain are not regarded as an allowable distraction and the stopwatch will continue to run.
- For short shots around the green, the player will be given *sufficient time* to reach his ball, remove any loose impediments from the surface of the green, start assessing the line and a count of three seconds thereafter.
- On the putting green, time will commence after all other balls have been marked and the player has had an opportunity and has been given a reasonable amount of time to replace his ball, reach a position to start assessing his putt and three seconds thereafter. However, on a putt of less than 2 metres the timing will start as soon as the player stands up having replaced (or having had *sufficient time* to replace) his ball and a count of three seconds thereafter. Note: the time taken to repair ball marks and other relevant damage and the removal of loose impediments will not count in the timing of the stroke.

- **Time Out:** On **only one** occasion in a **tournament**, a Player, during Monitoring or Timing may **request** from the Referee for a Time Out which is a time extension of an extra 30 seconds provided this request is made before the expiration of the time allowed for the stroke.
- **Sufficient time** is the time taken to walk at normal pace to the ball or tee. Therefore, a player who walks quickly to his ball may have additional time to prepare, whereas a player who strolls slowly to his ball may have less time as the stopwatch may have already started!

5) **EST (EXCESSIVE SHOT TIME)**

A player, when not being Monitored or Timed who is seen by a Referee to take longer than 80 seconds for a first to play stroke or 70 seconds for any other stroke, regardless whether his group is in position at that time, will be assessed an **EST**. If the group is Out of Position at this time, the group will thereafter be Monitored but the player will be Timed. The player will be subject to monetary fine arising from this infraction under Category B but will not count towards the one stroke penalty and fine stated in Category A below.

6) **BAD TIME**

Incurring a Bad Time

- 6.1 A player, during Monitoring or Timing who, during a round records **three** individual stroke timings that exceed the limit of 40 or 50 seconds but are within the 10% allowance will be assessed a **Bad Time**.
- 6.2 A player during Monitoring who, during a round is in excess of the time allowed to play a stroke that exceed the limit of the 10% allowance will be assessed a **Bad Time**.
- 6.3 A player during Timing who, during a round records individual stroke timing that exceed the limit of the 10% allowance will be assessed a **Bad Time**.

Note: Any Bad Times will be carried forward for the remainder of the Tournament and Season.

Informing Player of EST or Bad Time

Except on the putting green, the Referee should advise that player as soon as practicable that he has had an EST or a Bad Time. The Referee or Referee may ask the player if he is familiar with the pace of play condition thereby ensuring that the player is aware that a further Bad Time during the Tournament will result in a penalty of one stroke being applied. If the EST or Bad Time is on a putt or short chip, the player should be so advised on the way to the next tee. A player will not be penalised if he has a second Bad Time before being advised of his first.

Appeal on EST or Bad Time

A player has 30 minutes after finishing his round to appeal any EST or Bad Time assessed during his round and thereafter there is no appeal.

7) **CATEGORIES OF FINES AND PENALTIES**

A) Stroke Penalty and Fine for Bad Times in the Same Tournament

Stroke(s) Penalty may only be imposed if the same player has two or more **Bad Times** incurred in 6.1, 6.2 or 6.3 above from Monitoring and/or Timing during the same **Tournament**. A monetary fine will also be imposed at the same time.

Note 2: Any player who has been fined for breaches under Category A, B, C or D above during the previous season, will, in the event of a similar breach during the following season, have the applicable fine levied under that category at **double** the stipulated amount.

7) MINIMISE THE ROUND TIME

Responsibilities of the player

- Be aware of your position with regard to the group in front.
- If you feel that your group is falling behind, advise the other players in your group.
- If your group is behind, try to catch up as soon as possible.
- If informed that the group ahead is Being Monitored or Timed, increase your pace of play immediately.
- Play a provisional ball whenever there is doubt as to where the ball is lying.
- Do not wait until it is your turn to play before putting your glove on.

- Look at your own line of play on the putting green while the other players in your group look at theirs (within the bounds of normal etiquette).
- Do not concern yourself with the group behind - that is the responsibility of the Referees or Timing Officials.

40 seconds is a long time in which to hit a golf shot- if preparations take place before it becomes your turn to play, you will NOT have to rush your shots whatsoever.

SECTION C – CODE OF CONDUCT POLICY

These procedures are designed to help the management of the Asian Development Tour and its Members identify the conduct and ethics that are expected from Asian Development Tour Members and to set out the procedure to be followed where there may have been a breach of the same.

1.1 General

On becoming a Member of the Asian Development Tour, each person voluntarily submits himself to standards of behaviour and ethical conduct beyond those required of ordinary golfers and members of the public. The Tour must become the hallmark of honesty, fair dealings, courtesy and sportsmanship which each Member is bound to honour at all times, whether on or off the golf course. It would be impossible to define exactly the standard of conduct expected from Members in all circumstances or to list all acts which would amount to a breach of the Code and lead to disciplinary sanctions. In most cases, common sense should tell the Member the standard of behaviour that is required, but for the avoidance of doubt, Members must ensure that their conduct does not reflect unfavourably on the Tour, its Members, officers or representatives, tournaments or sponsors. Any Member who has any doubts as to the conduct which is expected of him should contact the Tour for advice.

1.2 Guidelines

In most circumstances the following acts or omissions will be considered to be contrary to the Code and if established will lead to a penalty being imposed.

However, any public comment that a Member knows, or should reasonably know, will harm the reputation or financial interests of a tournament promoter or sponsor is expressly covered by this section. Any violation of this regulation shall be considered conduct unbecoming of a professional.

f) Failure to Report Breach of the Code

Failure to report a breach of the Code by another Member when the Member has witnessed or has personal knowledge of another Member's act or omission and he should reasonably have realised that a breach may have occurred; or failure to co-operate in any inquiry.

1.3 Asian Development Tour Disciplinary Procedures

a) Investigation

When the Asian Development Tour receives a complaint or any information of any alleged breach of the Code, depending of the nature of the alleged breach, the Rules & Competitions and/ or the Tour Administration department(s) will carry out investigation. Any Member who have witnessed, or have information on, the alleged incident shall provide assistance to the Asian Development Tour officers investigating the matter. The Member who is alleged to have committed the breach will be served an inquiry form requiring him to provide in writing information and explanation to the alleged incident. The Member concerned is expected to cooperate reasonably in the investigation. If, however, he declines to furnish any information, his reaction will be noted and (as in the case may be) mentioned to the Tournament Players' Committee (TPC) when referral is made to the TPC in the case of a serious breach.

b) Minor Breach

If, from the investigation, it is evidently that only a minor breach of the Code has occurred, the Tournament Director may impose a penalty of not less than US\$150 and not greater than US\$5,000. If the Member is dissatisfied with the decision, he may appeal by giving written notification to the Director of Rules & Competitions, and if the penalty is imposed by the Director of Rules & Competitions then the appeal will be made to the Commissioner & CEO within seven (7) days of notification of the penalty. The Director of Rules & Competitions or the Commissioner & CEO (as in the case may be) may:

- i. Uphold the decision made by the Tournament Director and dismiss the appeal; or
- ii. allow the appeal and cancel the penalty in whole or reduce it in part; or
- iii. increase or otherwise vary the penalty.

Any penalty imposed of this nature must be paid within 2 weeks of notification or before teeing off in the next immediate event (whichever is earlier).

c) Serious Breach

If, in the course of such investigation, the Asian Development Tour considers that a serious breach may have occurred, then the Asian Development Tour shall prepare a report which shall be accompanied by such written statements as may be appropriate from witnesses including the inquiry form returned by the Member concerned (if any). Such report shall be submitted to the Tournament Players Committee (TPC) for consideration. If, upon consideration of the reports and written statements, the TPC is of the preliminary hearing by a panel of the TPC. The Asian Development Tour shall notify that Member accordingly and forward to him the following:

- i. Notification of a hearing date and the time and place thereof, which date shall not be less than 14 days and not more than 28 days after the date of such notification.
- ii. the nature of the prima facie breach of the Code.
- iii. copies of the report and any written statements accompanying the same which will be considered by the TPC Panel at the hearing.

d) Temporary Suspension Pending Hearing

In the case of a serious breach where the Tournament Players' Committee will convene a disciplinary hearing, the Chairman of the Board of Directors may, in consultation with the chairman of the Tournament Players' Committee, direct the Asian Development Tour to immediately suspend the Member concerned from participation in all Asian Tour and Asian Development Tour Tournaments temporarily pending the outcome of the disciplinary hearing.

e) Procedure of Hearing

- i. A disciplinary hearing before a panel of the Tournament Players Committee (TPC Panel) is an informal internal inquiry. There are no fixed rules of the procedure and no professional representation of the Member concerned. He has the right to appear in person before his fellow Members and put forward his own explanation of the events alleged for their benefit. The purpose of the hearing before the TPC Panel is to dispose of the matter as speedily and as informally as possible, consistent with fair hearing and the rules of natural justice. Any Member dissatisfied with the decision of the TPC Panel will have ample opportunity to appeal and be represented as appears herein.
- ii. The hearing will take place before a panel comprising not less than three members of the TPC or any number upwards of that depending upon availability of TPC members. Witnesses will not normally be called, but if the Member feels that he cannot do justice to his case unless a particular witness or witnesses are present at the hearing before the TPC Panel and gives notice to that effect to the Asian Development Tour not later than seven (7) days before the date fixed for the hearing, then the Asian Development Tour will, on request, use its reasonable endeavours to procure the attendance of such witness or witnesses to give evidence in the presence of the Member so far as it is in its power so to do. The TPC Panel may, if necessary, for that purpose and if it thinks fit to do so, adjourn the hearing to another date. If requested by the Member where he is unable to physically attend at the place of hearing, the hearing may be conducted via tele-conference provided the Member makes his request to the Asian Development Tour at least seven (7) days before the hearing date.
- iii. At the hearing, the Member will be allowed to question any of the witnesses or put forward any evidence on his behalf that he may assist his case, and to this end may bring witnesses to give evidence on his behalf provided that he has notified the Asian Development Tour of his intention to do so not less than seven (7) days before the hearing date. The Member will be entitled to present his own case in such manner as he thinks appropriate, consistent with the normal rules of behaviour, and at its conclusion may summarise the evidence and put forward his own version of what has occurred. He may be subject to questioning by members of the TPC Panel as may any of the witnesses who give evidence before the TPC Panel.
- iv. If on the hearing date, the Member does not turn up after half an hour from the scheduled time, the TPC Panel may nevertheless proceed to conduct the hearing in the absence of the member. The member shall be deemed to have waived his right of defence.
- v. The TPC Panel may give its decision at the conclusion of the hearing or at a later date (not more than 14 days) as it may think fit. In either case the decision will be officially communicated in writing to the Member.

f) Penalties

When the TPC Panel decides that a breach of the Code has been established, it shall impose such penalty as it may think appropriate having regard to the circumstances. The range of penalties is as follows:

- i. a reprimand or censure (which will be published in the members newsletter);
- ii. a fine (of not less than US\$1,000 and not more than US\$10,000);
- iii. suspension of membership and all privileges (for a minimum of size months up to a maximum of two years);
- iv. suspension only from participation in one or more tournaments or for a given period;
- v. expulsion from the Asian Development Tour; or

vi. otherwise as the TPC Panel shall determine. Provided always that the TPC Panel may only recommend expulsion from the Asian Development Tour to the full Tournament Players' Committee and it is subject to a resolution of the Tournament Players' Committee.

g) Right to Appeal

The Member may appeal to the Board of Directors of the Asian Tour against any decision given by the Tournament Players' Committee/ TPC Panel by giving notice of his intention to do so to the Asian Development Tour within 28 days of communication of the decision having been posted to the member at his last registered address. In the event of any such appeal, implementation of the decision of the Committee/ Panel and enforcement of any penalty imposed shall be stayed until the appeal has been heard.

The notice of appeal must state the grounds of appeal which shall be either:

- i. on a matter of fact including the introduction of new evidence that was not available before the hearing.
- ii. on a question of the application or interpretation of the Asian Tour's Articles and/ or Rules and regulations made thereunder, including the Code of Behaviour hereunder.
- iii. against the severity of the penalty requesting a reduction in the fine or in the period of suspension or in other penalty imposed or any combination of the three.

The appeal will be by way of re-hearing. The Board duly convened if a majority of the Directors are present. The Board will consider all and any evidence or information put before it, whether or not the same was given before the TPC Panel.

The Appellant may be represented and/ or assisted on the hearing of the appeal either by his counsel, agent, manager or such other person as he may choose. Neither he nor his advisors may approach directly or indirectly any of the persons who have already made statements or given evidence at the TPC Panel hearing (other than those witnesses put forward by the Appellant himself), but the Appellant may request the Asian Development Tour to procure the attendance of any such persons at the appeal hearing by notice in writing to that effect given not less than seven (7) days before the appeal. The Board in its discretion may adjourn the hearing of the appeal to enable the appearance of any such persons before it.

h) Decision of the Board

The Board may after hearing all evidence either give its decision at the conclusion of the hearing or at a later date (not more than 14 days), as it shall deem fit. In either case, its decision shall be officially communicated to the Appellant in writing. In arriving at its decision, the Board may either uphold the decision of the Tournament Players' Committee/ TPC Panel and dismiss the appeal, or it may allow the appeal in whole or in part. The Board in its absolute discretion may remit, reduce, increase or otherwise vary any penalty imposed by the Committee/ Panel. Every Member agrees and accepts that the decision of the Board on disciplinary matter shall be absolutely final.

i) Costs

The Board in its absolute discretion (acting reasonably) may either award costs to a successful Appellant out of Asian Tour funds or impose costs on an unsuccessful Appellant of such amount and on such terms as to payment as it shall think fit.

j) Enforcement of Payment

Any fine and/ or costs imposed by either the Tournament Director, the Director of Rules & Competitions, the Tournament Players' Committee/ TPC Panel or the Board shall be payable within the time stipulated (except that in the case of an appeal such payment shall be suspended

pending the hearing of that appeal) and in default of such payment on its due date the Member shall be liable to immediate suspension or expulsion from Membership.
